## Most Doctors and Hospitals Have Become Paid Assassins of the State!

*Doctors are just the same as lawyers; the only difference is that lawyers merely rob you, whereas doctors rob you and kill you too.*

### Anton Chekhov

Germ theory was the downfall of modern medicine, and most all of any honest approach to health was lost, while prevention, natural remedies, and the wonder of the human immune system were forgotten in favor of money, prescription drugs, deadly 'vaccination,' and unnecessary surgery. Doctors became the tools of the corporate medical system, the pharmaceutical industry, and the hospital industrial complex. As time passed, this situation only worsened, and now this fraudulent 'Covid' pandemic scare has led to doctors and hospitals becoming voluntary paid assassins of the state, whether knowingly or not.

Regardless of circumstance, it has become extremely dangerous to go to or be admitted to any hospital, especially if symptoms expressed are considered 'Covid' related, such as cold, flu, pneumonia, or any respiratory ailments. Going to a hospital under these circumstances is life-threatening, and not due to sickness, but to 'medical' protocols meant to harm, not heal. In fact, these protocols in many if not most hospital settings, especially for any considered elderly, which now means anyone over 50, are meant to kill the patient, which should be considered an act of murder.

This is a time when any good doctors and medical personnel left could and should be exposing this heinous fraud and evil intent by the so-called medical system, but those willing to tell the truth are few and far between, and in many cases, those actually doing so are threatened or silenced, and any risk of job loss seems to take total priority over all decisions made. Consider the implications of this situation; as it indicates that doctors and hospitals are beholden only to their employers or to the system that feeds them, not to the Hypocritic Oath or any desire whatsoever to help those in need. In other words, money power, and control are now the underlying aspects of the health and medical system's core structure; the good of the patient be damned. Consider the use of remdesivir as treatment for what is falsely referred to as 'Covid?' As I wrote some time ago:

*"Consider the fact that remdesivir, an experimental drug, was fast-tracked as the "standard of care" for 'Covid' early on by Anthony Fauci, and was originally the only approved 'Covid' treatment for American hospitals, even though this drug does not work against anything, and causes many adverse reactions, body organ failure, and a high incidence of death. "Remdesivir was one of four drugs in a [clinical trial](#) for Ebola in 2018, and was dropped from the study before it was over, after a safety*

*review revealed that it had the highest death rate of the drugs being tested." One of only two studies cited by Fauci for the recommended use of this toxic drug was the Ebola Trial in 2018, and in that trial, the manufacturer, Gilead Sciences, only tested 53 patients for just 28 days. Gilead had close ties, monetary interests, and partnership with the CDC and the National Institute of Allergy and Infectious Diseases (NIAID), headed up by Fauci."*

*"Fauci knew of the deadly nature of the poisonous remdesivir at least as early as 2018, but chose to use this dangerous drug with fast-track FDA approval in October of 2020 as the "standard of care," and the primary treatment in all U.S. hospitals for all "Covid" patients. That means that American patients across this country were not treated, but murdered."*

This drug is still in use in hospitals today, authorized by Fauci, alleged 'health' organizations, hospitals, and doctors across the country.

Consider the use of ventilators for all those very ill due to flu-like symptoms who were isolated in hospitals and nursing homes nationwide, especially those in New York and other high population centers? Death occurred for most all of those patients, so how could the doctors not have understood that killing all the patients by very invasive and dangerous ventilator use was not a way to help or save them? If 76% to 97% of all patients treated in this manner died, how could any doctor or hospital not only question, but stop this madness to find out why extreme death rates were the result?

Now, rationing of care based on age, mental condition, and considered use to society or the greater good, a communistic approach, have become the norm. How can this be supported by any claiming to be doctors or 'health' administrators, when the main purpose of care is supposed to be about helping all patients? The incentives that drive this insanity are certainly tied to money and financial gain to those going along with this slaughter of innocents, but other nefarious factors are also evident. The elimination of the old and those approaching retirement is of major concern to the ruling class, so killing off this unwanted part of society as the state sees it, is a plus. The funds stolen in the process are redirected into the pockets of government and the rich benefactors of government policy. The ruling sector, the corporate whores, almost the entirety of the medical system, and others benefit from the murder of certain groups of people, so the killing continues unabated.

In the midst of all this evil behavior, and in the middle of what is falsely labeled a 'pandemic', a time when immune system destruction and extreme stress due only to government mandates that isolate individuals and families, destroy any financial security for the masses, and control of most aspects of life are present, a poisonous and deadly 'vaccine' protocol has been heavily marketed, mandated in very many circumstances, and pushed on the public as the only way to survive what is obviously a completely fake and purposely manufactured 'crisis.' While doctors and hospitals continue to rake in millions upon millions of dollars due to this fraud, and do so willingly, the torture of many, financial destruction, and death continues among the general population; not due to any bogus 'virus,' but to a planned outcome due to a plot to control all, long considered and sought by the state, its controllers, the pharmaceutical industry criminals, the health and medical complex, and all the corporate and government support systems, including the ludicrous and despicable sector called enforcement.

The doctors and hospitals must not be allowed to willingly continue to maim and kill those it is charged with helping. They must be stopped from ignoring every aspect of proper care for their patients in order to gain more wealth, or retain their positions only by contradicting every medical ethical standard ever set by sane and caring individuals. There is no excuse for this behavior, and every single person in the 'health' and medical profession that consciously accepts and goes along with this practice of harm and deceit should face prosecution. Nothing less will be of value to society.

The next target of this murderous nation-state and all its partners are the children; all the children. The injection of toxic and deadly poisons in children from infancy to adult is not only desired, but already underway in some areas, with a goal of 'vaccinating' every child in this country over the next

year and after. If this is allowed to go forward by the sheep in this country, what future is possible for this and any upcoming generations? Freedom cannot be won or exist in any system that has taken control of the young through gene-altering, immune system destructive protocols, and experimental control technology, administered by state mandate in order to either, maim, kill, or control the bulk of society.

In order for this plot against mankind to go forward, the people have to voluntarily submit to the state's agenda. Without this voluntary submission, the state will fail, but with continued compliance and strict obedience by the masses, nothing of what has been known in the past as a normal life in a somewhat free country will remain. All that can be expected in any passive, indifferent, and docile society of a collective mass of ignorance, is a life in a technocratic matrix of total control and dependence on the evil few. This is our future if mass resistance is not forthcoming!

*"Vaccination is a barbarous practice and one of the most fatal of all the delusions current in our time. Conscientious objectors to vaccination should stand alone, if need be, against the whole world, in defense of their conviction."*

~ Mahatma Gandhi
